Welcome to DCR's
Wompatuck State Park

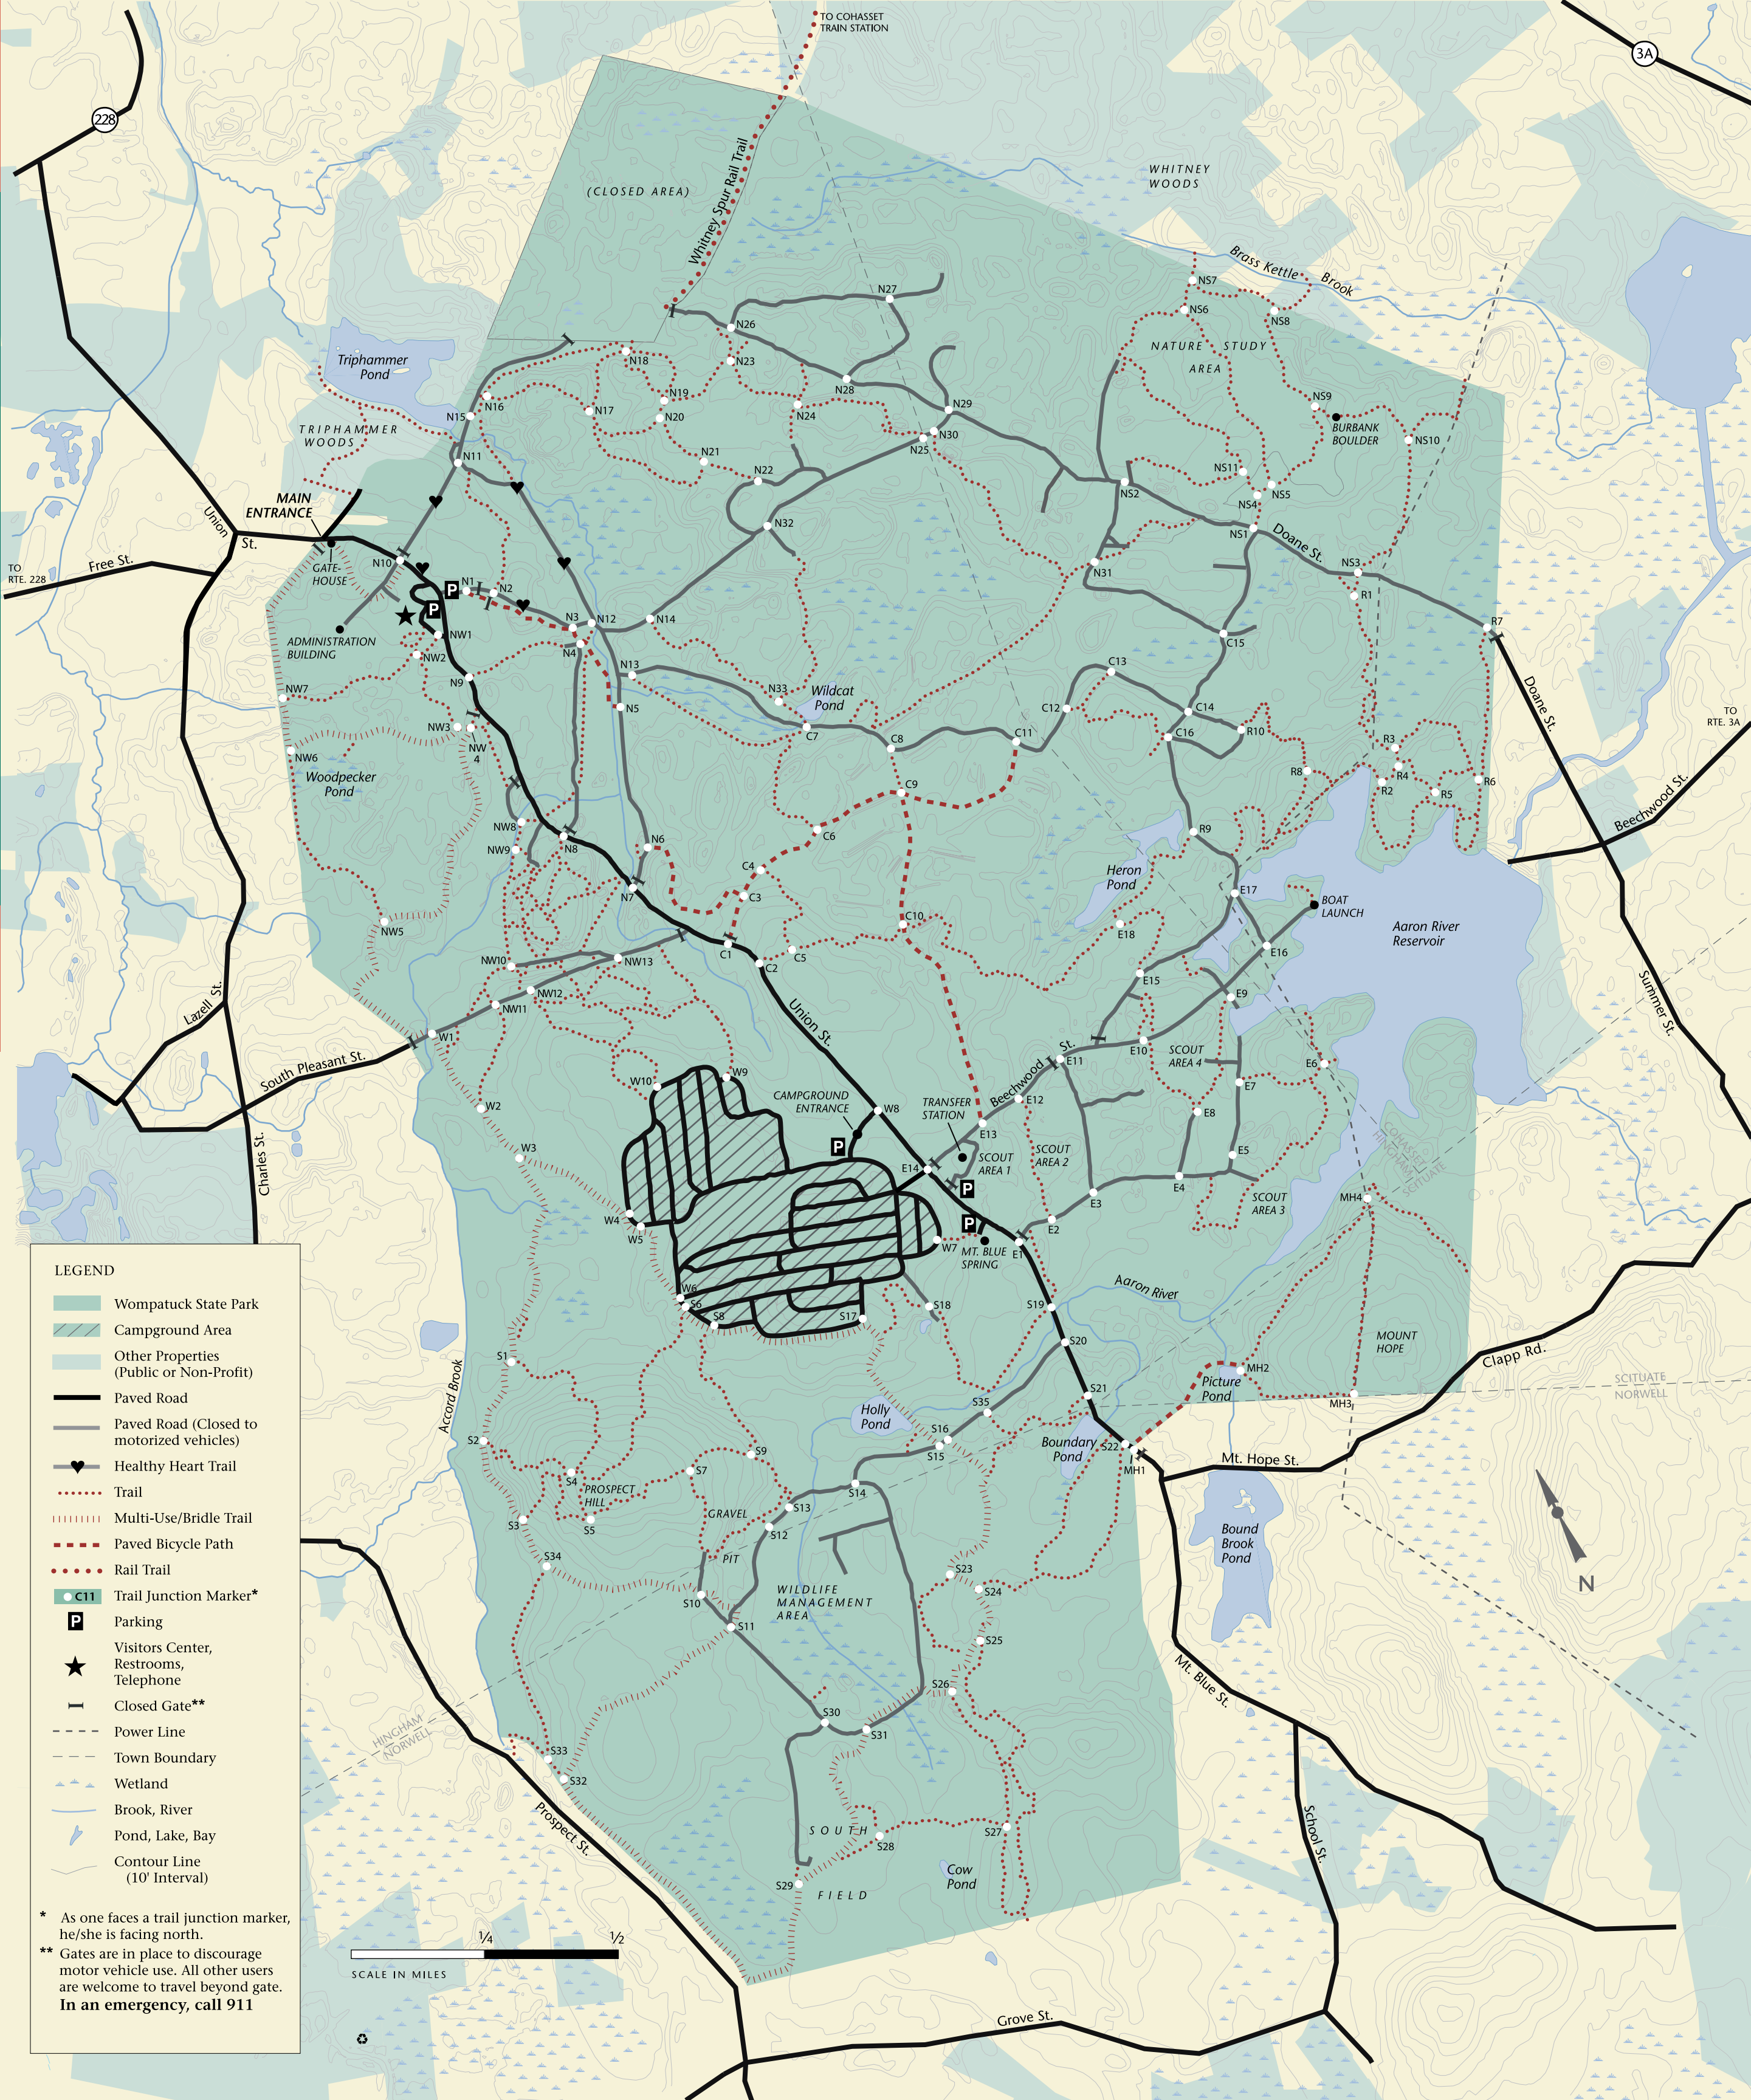

Offering attractive campsites and within a close drive to the City of Boston and Cape Cod, Wompatuck is primarily used for camping, hiking and mountain biking. It is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs. DCR oversees 450,000 acres of parks, forests, beaches, bike trails, watersheds, and dams. Its mission is to protect, promote, and enhance the state's natural, cultural, and recreational resources. To learn about DCR and to discover more parks and recreational opportunities within the Massachusetts state parks, visit www.mass.gov/dcr.
